

Do you qualify to apply?

Applicants must meet all of the following:

- reside physically in District 38
- receive a diploma from D38 at end of current year
- be planning for a career in an visual arts related field.

This scholarship is more than an award for fine work as an artist; it is for students to continue to study visual arts preparing for a career with the visual arts.

- be enrolled in an art related curriculum reflected in schedule and registration papers
- complete application process: a) submit application, b) prepare for jury mid April.

Notes:

- Applicants may or may not be enrolled currently in art classes. AVP art students are encouraged to apply as well.
- Among other things, the application requires a “Colorado Poster”; and your Sketchbook [jury day]. Both are important to the jury and awards discernment. Sketchbooks should reflect work on techniques, idea tryouts and development, and reflect the artist’s development over time.
