**DISCUSS YOUR PASSION FOR ART:**

I have been infatuated with art since I was around 3 years old, but I just started practicing art seriously my sophomore year of high-school. Art for me is very therapeutic and an amazing way to release emotions. It is such a controlled form of expression and I love that you can manipulate your materials into whatever is in your mind.

**DESCRIBE YOUR PLANS FOR AN VISUAL ARTS-RELATED CAREER:**

My plans for a visual-arts career is to go into art therapy. I personally use art as my own therapy to help me get out my own emotions, so I would love to help others do the same.
